The cell has organised the following activities.

- a)A class on moral values
- b) Counselling sessions to inculcate human values.
- c) Psychological counselling of girl students in commemoration of International Woman's Day.
- d) A programme on promotion of universal values
- e) A counselling session of students.

5. Evidence of Success:

Students are increasingly taking interest in this practice. They are regularly attending these classes despite their packed schedule of usual classes.

6. Problem encountered:

- i) Shortage of infrastructural facilities: A separate room is needed to hold these classes.
- ii) Shortage of manpower: There are few full time teachers to inculcate these values in students which is a constraint.

7. Resources required:

Removal of infrastructural bottlenecks and more manpower will help to strengthen this practice further.

II Best Practice

Title of the Practice: Plantation Programme

Objectives of the Practice

It has been observing by the people that nature has been changing itself very tremendously as we are responsible for this change because of building and constructive more and more cities and town. So, the nature has unbalanced and disturbed that's why the combination of oxygen has ruined. Therefore, now we have to maintain this balance by following the given points :-

- To ensure more plantation of different fruits and other useful plants trees.
- Plantation programme can become more popular. So, it is the duty of ours to promote more and more students to come forward.
- To enhance the values of plants environment among the students.

The Context

The very noble objective of "Plantation programme is to save protect to the environment by plantation work" with under given points:-

- To rising up the level of the student thinking regarding plantation work.
- To ensure the sincerity of the students regarding the values of trees plants.
- To inculcate the programme of plantation can change the heart hobbies of students to produce more and more oxygen.
- For the maintenance the cycle of the nature for up-gradation of the environment.

The Practice

It is very important to plant more and more trees, herbs and climbers because these are the carriers of rain and cloud. Only the nature has capacity to turn up the balance of nature to produce more and more oxygen, but it is only possible when our surroundings are full of trees and plants. Such type of programme is only possible when our new generation become more more sincere and active towards plantation programme. If our programme of plantation makes the points of success, it is sure and certain that our nature will be in balance and the life of the people can be happy prosperous. So, we should plant more more trees and protect them for the future of new generation.

Evidence of Success

Our efforts of plantation work provoke the heart of the students and inspired them to go quickly on the path of plantation for the balance of the nature up-gradation of environment. It is the result of the programme that more than 70 student participated in the programme of the plantation started by college with the help of KAAR SEWA KHADUR SAHIB. As soon as possible to 250 plants has been planted by the students in various different areas. Now we hoping that after this raining season, these planted trees will provide us feelings of true nature beauty of the nature.

Problems Encountered and Resources Required

Some students were too naughty that they avoid the programme and deny such types of activities, but our learned scholars faculties convinced them and ultimately they agreed for the plantation work and realized the value and importance of the nature and environment. Not enough, but they also planted more more plants and take an oath for the protection of the plants for the balance of nature.
