As per the instructions of Punjab Government our college team made a visit to Munda Kund for plantation. Our team planted thirty plants in its sport's stadium in order to make it clean and green. Our gardener, Sabatar Singh, guided the students for planting trees. Our respected teachers Hardeep Singh and Jaspal Singh were also present there. The Sarpanch of the village commended the efforts of our students and expressed gratitude to our team. We also thanked him for permitting us for plantation and assured him about such activities will be undertaken by our volunteers. Our esteemed Principal also thanked our team.
