 Copy

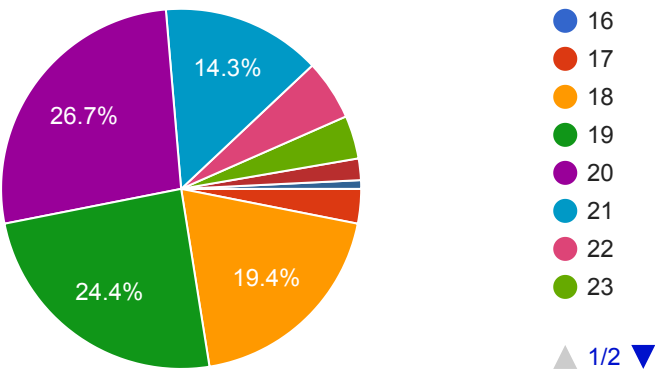

258 responses

21. Give three observation/suggestions to improve the overall teaching – learning experience in your institution.

258 responses

Good

Nothing

No

Nothing

Excellent

Good

Yes

Very good

Ok

My learning experience is very good

..

All is well

Good environment

Overall good

Overall here my experience is excellent

I love my teachers ❤️

More frequent tests can better help in finding level in different chapters otherwise the facilities are satisfactory

1.understand the problem of every student 2.reduce the fees 3.careful about students

Make learning active, Make learning meaningful, Make learning relevant

Water supply is not very good,

teaching process of institution is very Good and understanding

Use of projectors to discuss topics, try to reach every student to ask them about their doubts.

I think overall teachers are very good and well educated . They helps alot

Make learning active , Be supportive

Improve the improvement lcd projector or multimedia while teaching

Cooperative

Tests

Much improve education, many learning skills, friendly environment

Make learning active,make learning meaningful,make learning relevant

Experince

Main syllabus shoul be cover fast then then un important chapters

More efforts should be put up by the College to make it more successful.

Be interactive with students

Improve negativity of teachers about students , improve parshelty

Syllabus coverage fastly and revision must be compulsary

1) Engage students 2) make teachers interactive 3) prompting entrepreneur skill

The first and the foremost thing is, the institution should also provide smart study by using smartboards via which students can understand topics well. Second is, theoretical subjects should be taught deeply by covering every aspect. Another is, there should be enhancement in speaking skills of students especially in English language because we can't compromise with the students of cbse just because of the inefficiency of other board students. They must be promoted to speak in English as well.

1- Asking for feedback from students., 2- Using technology in the classroom ., 3- Communicate with the students

Better environment

Teacher should take class lecture daily and also take attendance of all student.if one day teacher is not came to college then students attendance will be counted mandatory.

Improvement in staff , improve your teaching skills, improve communication skills

-

(Overall infrastructure should be improved)

More practical in computer

Improve practical work instead of theory

Clear the concepts properly

Do not demotivate the students.

Use Technology In Class, Asking For Student Feedback ,Communicate With Student

Nope

Provide online classes and notes also

Teachers should be prepared for the lecture and all the students treated equally no discrimination between boys and girls

nothing

Good institution teaching and learning Good overall

Practical schedule for the science students must be different.... There should be management of practical lectures within the week and with same time of college

Overall good

nh

1 . Everything is good

Use the projector and display on the screen Many more activities are held related to computer.

Average study, discrimination , give more time

Teachers should work a bit more on practicals and extracurricular activities

Give online classes also

need to focus on the tests

Provide better infrastructure

....

All good

All teachers are best but teaching is best to all teachers

Teachers should pay more attention to the queries of the student .

Institution should provide an lcd projector for the computer department only so that the teachers can teach the coding concepts to all students clearly. A placement cell must be active all the time to guide students about internships and career growth.

All teachers are good teaching and help the all students

More practical, placement and internship programs

All Good

Everything is well

No

May teachers use politeness towards students and may teachers have to also take the opinion of students and teachers may explained their topics with the help of projectors and PPT 's for beeter understanding for children

Make learning active, make learning meaning, make learning relevant

1. Use interactive activities 2. Encourage students participation 3. Get feedack

Very good

Everything is 🍌 ok

1 learning experience very good 2. make you ready for the world of work

Politeness

Cleaning of washrooms, maintenance of college classes

Sada college da sara teacher bhut vadia teaching krvonda aw

Two way teaching

Please hire intelligent and hardworking teacher's and save future of students Organize less outdoor activities during summers due to heath concerns of students.... Must provide all the facilities to students which are mentioned on college prospectus...

The fine u make less than in 70 attendance is very high and fine in fail subject also very high, most of the students belong to poor family, please solve this problem

1. Teachers should have to improve their thinking level 2. Do not discriminate between boys and girls 3. improve your study methods 4.

Teachers must focus on the practical knowledge rather than theoretical knowledge

Need two way teaching

kindly be stand on you own words. Be teacher in behavior,if your are teacher.Show respect to student if they are respecting you.you have no right to jugde student if you don't know him/her personally

Teaching process can be made more intresting by using multimedia and projectors

Better environment

Gain more knowledge

Very good teachers

1. Collaborative learning 2. Active learning 3. Collecting student feedback

Too much gud staff already

Each & Every student has their own ability to understand the concepts, So, mentors should understand that ability and suggest them techniques to learn. Moreover, their must be enhancement in English speaking skills more n more.

.

Pre preparation

1. Good and best baheviour of all teachers 2.our institute teachers is very smart and intelligent  
3. All teachers have extra knowledge of all things and study material.

Use of technology in the class room, two way teaching
